What do you pay for the toddler care? The costs for toddler care differ per personal situation.

Toddler care with childcare allowance (KOT)

Toddler care falls under the Childcare Act. You can receive a contribution to the costs of childcare via the childcare allowance of the Ministry of Education, Culture and Science. The conditions are that you both work or study.

The costs for toddler care with childcare allowance are calculated over 40 school weeks divided by 12 months.

Toddlers can be placed from 2 years.

Toddler care without childcare allowance (VNG)

The municipality of Haarlem subsidizes parents who are not entitled to the childcare allowance. The parental contribution is calculated on the basis of the income data (see also VNG table). You pay a parental contribution in which the subsidy from the municipality has already been settled. We still need

the following from you:

1. A signed 'Declaration No right to childcare allowance'. You will receive this form by e-mail from us.
2. A recent income statement from you or your partner, determined by the tax authorities. You can download these for free from the website of the tax authorities. You do need your DIGID [for this.](https://www.belastingdienst.nl/wps/wcm/connect/nl/werk-en-inkomen/content/ho-kom-ik-aan-ee-inkomensverklaring)

The costs for toddler care without childcare allowance are calculated over 40 school weeks divided by 12 months. This is a **maximum of two half-days of** toddler care per child per week. Toddlers can be placed from 2.5 years.
